

St. Jean de Brébeuf Catholic Secondary School

Bullying Prevention and Intervention Bullying Plan

Bullying is the behaviour intended by the student to have the effect of:

- Causing harm, fear or distress to another individual, including physical, psychological, social or academic harm, harm to the individual's reputation or harm to the individual's property.

- Creating a negative environment at a school for another individual, and the behaviour occurs in a context where there is a real or perceived power imbalance between the student and the individual based on factors such as size, strength, age, intelligence, peer group power, economic status, social status, religion, ethnic origin, sexual orientation, family circumstances, gender, gender identity, gender expression, race, disability or the receipt of special education.

Bullying behaviour will not be accepted on school grounds, school trips, co-curricular activities, through social media and any technology.

As a school community, St. Jean de Brébeuf has implemented numerous strategies to address and prevent bullying behaviour, as documented in our school improvement plan by providing a safe, healthy and inclusive environment where all members feel respected, worthy and valued.

Through initiatives such as the Health Action Team, SJB One, Culture of Life, Christian Mediation, and other co-curricular activities, students will learn how to positively interact with each other, treat each other with respect and dignity of which our Lord Jesus Christ is the model.

As a school community, we promote preventative strategies by raising student awareness of our bullying policy.

Any instances of bullying will not be tolerated and will be immediately dealt with on a case by case basis.
